**DECLARATION OF COVENANTS, CONDITIONS
AND RESTRICTIONS FOR CREEKSIDE SOUTH AT LORSON RANCH FILING
NO. 1**

This Declaration of Covenants, Conditions and Restrictions for Creekside South at Lorson Ranch Filing No. 1 ("**Declaration**") is made as of May 17, 2021 by Saint Aubyn Homes, LLC, a Colorado limited liability company and Lorson, LLC, a Colorado limited liability company as nominee for Murray Fountain, LLC ("**Declarant**").

BACKGROUND AND PURPOSE

Declarant is the record owner of real property legally described in **Exhibit A** attached hereto and incorporated by reference (the "**Property**"). The Property is within a larger development known as Lorson Ranch, located in El Paso County, Colorado.

This Declaration is executed and recorded (a) in furtherance of a common and general plan for the residential land within Creekside South at Lorson Ranch Filing No. 1; (b) to protect and enhance the quality, value, desirability and attractiveness of all residential property within Creekside South at Lorson Ranch Filing No. 1; (c) to provide for design review and covenant enforcement for residential property within Creekside South at Lorson Ranch Filing No. 1; and (d) to define duties, powers and rights of Declarant, District No. 4 (as defined below), the Districts (as defined below), the owners of residential property within Creekside South at Lorson Ranch Filing No. 1, and owners associations that may be created within Lorson Ranch after this Declaration is recorded. Because this Declaration does not create a "common interest community" as defined in the Colorado Common Interest Ownership Act, Section 38-33.3-101, *et seq.*, Colorado Revised Statutes, this Declaration is not governed by that Act.

The Lorson Ranch Metropolitan District No. 4, a quasi-municipal corporation and political subdivision of the State of Colorado ("**District No. 4**"), as well as Lorson Metropolitan District Nos. 1, 2, 3, 5, 6, and 7, each a quasi-municipal corporation and political subdivision of the State of Colorado (collectively referred to herein as the "**Districts**"), have been formed as special districts in accordance with the Special District Act, Section 32-1-101, *et seq.*, Colorado Revised Statutes. District No. 4 and the Districts are authorized under the Act to enforce covenants and provide design review services pursuant to Section 32-1-1004 (8), Colorado Revised Statutes. The overall authority and powers of District No. 4 and the Districts are set forth in the Consolidated Service Plan for Lorson Ranch Metropolitan District Nos. 1-7 approved by the El Paso County Board of Commissioners on September 2, 2004, by Resolution number 04-366, recorded on September 3, 2004 at Reception No. 204150548 in the records of El Paso County. This Service Plan was amended to provide Fire Protection and approved by the El Paso County Board of Commissioners on May 24, 2007 by Resolution number 07-223, recorded on July 17, 2007 at Reception No. 207095523 in the records of El Paso County.

It is the intention of Declarant, in imposing this Declaration on the Property, to empower District No. 4, through its Board of Directors, to provide design review and covenant enforcement services for the Property until such time as District No. 4 delegates such authority either to Lorson Ranch Metropolitan District No. 1, 2, 3, 5, 6 or 7, or to an owners association

COVENANTS TO PRESERVE THE CHARACTER OF THE COMMUNITY

These covenants are adopted in order to preserve the desirability, attractiveness and value of residential property in Creekside South at Lorson Ranch Filing No. 1. The following restrictions and conditions shall apply to all land that is now or may hereafter be subject to this Declaration.

2.01 General. All Homes, buildings and structures of any kind shall be constructed, installed, maintained and used in compliance with El Paso County standards, ordinances, rules and regulations after obtaining all required permits and licenses, and in accordance with any Design Guidelines, as those may be amended from time to time.

2.02 Improvements. Except for any Improvements constructed in accordance with plans for which Builder has received design review approval from Declarant as provided in Section 3.06 below, all Improvements placed on a Lot shall be subject to prior approval in writing by the Design Review Committee or as provided in the Design Guidelines.

2.03 Construction.

(a) Construction Type. All construction shall be new. Any building previously used at another location or any building or Improvement originally constructed as a mobile dwelling may not be moved onto a Lot except as expressly provided in Section 2.03 (h) for temporary construction, sales or administration buildings or as approved by the Design Review Committee.

(b) Storage. Building materials may not be stored on any Lot except temporarily during continuous construction of a building or its alteration or improvement, unless such building materials are stored in an enclosed area

and fully screened; except that Builders, with the prior written approval of the Design Review Committee or District No. 4, may store building materials, supplies and equipment on their own land in the Property.

- (c) Construction Rules and Regulations. During the period of construction of a Home, building or other Improvement on a Lot, the Owner of the Lot or the Builder shall comply with all construction rules and regulations which the Declarant, the District No. 4 Board or the Design Review Committee may establish from time to time.
- (d) Construction Completion. All construction work shall be prosecuted diligently and continuously from the time of commencement until fully completed. The exterior of all Homes, buildings or Improvements (other than landscaping) must be completed within seven (7) months after the commencement of construction or such longer periods of time as the Design Review Committee deems reasonable under the circumstances due to the nature of the project or other factors. "Commencement of Construction" for a Home or building is defined as the obtaining of necessary building permits and the excavation of earth for a foundation, and for all other Improvements is defined as the undertaking of any visible exterior work. If construction is not completed within the above time periods or such later time as approved by the Design Review Committee, the Design Review Committee may take further action as provided for in this Declaration.
- (e) Occupancy. Any Home or building constructed on a Lot shall not be occupied in the course of original construction until the applicable building authority authorizes such occupancy.
- (f) Landscaping. Except as provided herein, within six (6) months after occupancy of a Home on a Lot or such longer period of time approved by the Design Review Committee or as established in the Design Guidelines, all Landscaping shown on a landscaping plan approved by the Design Review Committee must be properly installed by the Builder. Notwithstanding anything herein to the contrary, if the sale of a Home by a Builder to a homeowner and the occupancy of such Home occurs such that the landscaping deadline set forth above falls between November 1st and March 1st, then the landscaping deadline shall be thereafter automatically extended until June 15th in the calendar year immediately following the calendar year in which the occupancy of such Home occurs. All portions of the Lot, which includes front, back, and sides will be landscaped and maintained in accordance with the Design Guidelines, and initially installed by the Builder.
- (g) Fences or Walls. Fences or walls are subject to approval by the Design Review Committee. Within six (6) months after occupancy of a Home on a Lot or such longer period of time approved by the Design Review Committee or as established in the Design Guidelines, all Fencing approved by the

Design Review Committee must be properly installed by the Builder. All portions of the Lot, which includes front, back, and sides will be fenced and maintained in accordance with the Design Guidelines, and initially installed by the Builder.

Model homes may be used and exhibited by a Builder with the permission of Declarant. Temporary buildings shall be promptly removed when they cease to be used for construction or sales purposes.
- (i) Utilities. All utilities serving a Lot will be placed underground. Declarant or District No. 4 reserves the right to locate main transmission lines above ground if determined to be advisable. Declarant may grant approval for temporary above ground utility service during construction.

2.04 Grading Patterns. Material changes shall not be made in the ground level, slope, pitch or drainage patterns of any Lot as fixed by the original finish grading without the prior approval of the Design Review Committee. Grading shall be maintained at all times so as to conduct irrigation and surface waters away from buildings and to protect foundations and footings from excess moisture.

2.05 Building and Grounds Maintenance. The exterior of all Improvements and grounds of a Lot must be maintained by the Owner in a state of good condition and repair. Such obligation includes, but is not limited to, maintaining the exterior materials and finishes of the Improvements, fencing, landscaping, drainage areas, driveways and sidewalks. Irrigation of landscaping will be in compliance with any applicable watering ordinance. If an Owner fails to maintain the Improvements, the District No. 4 Board may give written notice to the Owner that, unless the required maintenance is diligently pursued within the ten (10) days following such notice, the property will be declared a nuisance and the District No. 4 Board shall have the right to take enforcement action pursuant to this Declaration.

2.06 Rebuilding or Restoration. If any Improvement is destroyed in whole or in part, it must be rebuilt or all debris must be removed promptly and the Lot restored to a safe and attractive condition. Such rebuilding or restoration must be commenced within thirty (30) days after the damage or destruction occurs and thereafter diligently pursued to completion within a reasonable time, not to exceed ten (10) months after the date the damage occurred or such longer period of time as may be approved by the Design Review Committee. If restoration or rebuilding is not completed within the above time periods or such later time approved by the Design Review Committee, or if the restoration or rebuilding shall cease for a period of twenty (20) days without permission of the Design Review Committee, the Design Review Committee may give written notice to the Owner that unless the restoration is diligently pursued within the ten (10) days following notice, the Improvement will be declared a nuisance and the Declarant or the District No. 4 Board shall have the right to take enforcement action pursuant to this Declaration.

2.07 Outside Storage. Equipment, tools and other items must be stored in an enclosed building or otherwise adequately screened so as not to be visible from neighboring properties or adjoining streets.

2.08 Patio Covers, Swingsets and Other Similar Structures. These structures or other similar facilities may only be installed on a Lot in accordance with the Design Guidelines or as approved by the Design Review Committee.

2.09 Refuse. Unsightly objects or materials, including but not limited to ashes, trash, garbage, grass or shrub clippings, scrap material or other refuse, or containers for such items, must not be stored, accumulated or deposited outside or so as to be visible from any neighboring property or adjoining street, except during hours of refuse collection.

2.10 Nuisances. Noxious, hazardous or offensive activity must not be carried in or upon any Lot, Home or Improvement, nor may anything be done on a Lot tending to cause embarrassment, discomfort, annoyance or nuisance to the neighborhood. Notwithstanding anything herein to the contrary, the construction and installation of Homes or Improvements in accordance with Plans approved by the Declarant or the Design Review Committee shall not be deemed to be in violation of this Section 2.10.

2.11 Lights, sounds and odors. Lights that are unreasonably bright or cause unreasonable glare, and sounds or odors that are noxious or offensive to others are not permitted to emanate from any Lot.

2.12 Noxious Weeds. All portions of a Lot must be kept reasonably free from noxious weeds.

2.13 Animals. Except as provided herein, no animals, livestock or poultry of any kind shall be raised, bred or kept upon any Lot. An aggregate number of not more than three dogs or cats may be kept on a Lot (which must be restrained or fenced at all times). Domesticated birds or fish and other small domestic animals permanently confined indoors will be allowed in reasonable number, as determined by the District No. 4 Board. No animal of any kind shall be permitted which, in the opinion of the District No. 4 Board, makes an unreasonable amount of noise or odor or is otherwise a nuisance. No animals may be kept, bred or maintained on a Lot for any commercial purpose. The Owner of a Lot upon which an animal is kept is responsible for payment of any and all damage caused to the property of others, including District Properties. Owners are responsible for cleaning up after their pets on any portion of the Property.

2.14 Vehicles.

(a) Parking. A boat, trailer, camper (on or off supporting vehicles), tractor, commercial vehicle, mobile home, motor homes, any towed trailer unit, motorcycle, all-terrain vehicle, recreational vehicle or non-pickup truck shall not be parked on any street or within any Lot except in a completely enclosed building such as a garage, or unless screened in a manner approved by the Design Review Committee. An exception to this restriction will be made for an

emergency motor vehicle used by an Owner who is a bona fide member of a volunteer fire department or is an employee of an emergency firefighting, ambulance service, law enforcement or emergency medical services provider, provided that the vehicle: i) has a gross weight rating of 10,000 pounds or less; ii) bears an official emblem of the emergency services provider; and iii) does not obstruct emergency access or interfere with the reasonable needs of other Owners. Passenger vehicles owned, leased, rented or used by Owners or any other Person used as primary transportation on a day-to-day basis shall not be parked on any street within the Property for longer than seventy-two (72) hours without being moved. It is the intent of this Declaration that all vehicles park in garages and driveways; no extended street parking is permitted.

(b) Vehicle Repairs. The maintenance, servicing, repair, dismantling, sanding or repainting of any type of vehicle, boat, machine, apparatus, trailer, equipment or device may not be carried on except within a completely enclosed Improvement which screens the sight and sound of the activity from adjoining streets and from neighboring property.

(c) Abandoned or Inoperable Vehicles and Equipment. Any type of stripped down, partially wrecked or abandoned or other similar vehicle (boat, machine, apparatus, trailer, equipment or device, or any sizeable part thereof) which has not been driven under its own propulsion for a period of two weeks, shall not be permitted to be placed anywhere within the Property except within a completely enclosed Improvement.

2.15 Signs. One (1) temporary sign advertising the real property for sale or rent, or for a garage sale, which is no more than six square feet in size, the style of which is compatible with the appearance of Creekside South at Lorson Ranch Filing No. 1, may be installed on a Lot. Trade signs identifying a contractor performing work such as landscaping, painting, remodeling, etc., may only be displayed while such work is in progress on a Lot and must be removed upon completion of the work. Political signs for an upcoming election may be displayed on a Lot no earlier than 60 days before an election and must be taken down within 15 days after an election. No Owner or Person may post signs upon any portion of the District Properties or Public Right-of-ways.

2.16 Hazardous Activities. No activities shall be conducted on any Lot or within an Improvement which are unsafe or hazardous to any person or property. Without limiting the generality of the foregoing, no firearms shall be discharged upon any Lot and no open fires shall be lighted or permitted on any Lot except in a contained barbecue unit while attended and in use for cooking purposes or within an interior fireplace. Further, no hazardous materials or chemicals shall at any time be located, kept or stored in, on or at any Lot except such as may be contained in common household products and in such limited quantities so as to not constitute a hazard or danger to person or property. An Owner must not permit any condition on a Lot that creates a fire hazard or is in violation of fire prevention regulations adopted by the governmental authority having jurisdiction and control over outside burning. If any ban on outdoor fires is at any time imposed by a governmental authority, such ban shall be observed within the Property

2.17 Temporary Buildings. A temporary house, trailer, tent, garage or other outbuilding will not be placed or erected on a Lot or used as a residence. The Design Review Committee may grant permission to an Owner for the placement of a temporary structure for storage of materials during construction on a Lot.

2.18 Professional or Home Occupation. Except as may be required of Declarant or a Builder in pursuit of construction activities within the Property, Lots shall be used for residential use only including uses which are customarily incident to such residential use, and shall not be used at any time for business, commercial or professional purposes. However, an Owner may conduct business activities within a Home provided that all of the following conditions are met:

- (a) the business conducted is clearly secondary to the residential use of the Home and is conducted entirely within the Home;
- (b) the existence or operation of the business is not detectable from outside of the Home by sight, sound, smell or otherwise, or by the existence of signs indicating that a business is being conducted;
- (c) the business does not result in an undue volume of traffic or parking within the Property;
- (d) the business conforms to all applicable zoning requirements and is lawful in nature; and
- (e) the business conforms to any Rules and Regulations that may be adopted by the District No. 4 Board from time to time.

2.19 Subdivision of Lots. No Lot may be subdivided or further divided by an Owner other than Declarant.

2.20 Satellite Dishes and Antennas. Except as provided below in this Section, no aerial, antenna or other device for reception of radio, television, microwave device or other electronic signals may be maintained on the roof of any Improvement, nor shall such structure be mounted at any location so as to be visible from neighboring properties or adjacent streets. Plans for structures, other than FCC Structures (defined below) must be approved by the Design Review Committee prior to installation. An FCC Structure is defined by the Federal Communications Commission as: (a) an antenna that is one meter (39.37") or less in diameter and is designed to: (i) receive direct broadcast satellite service, including direct-to-home satellite service, or to receive or transmit fixed wireless signals via satellite; (ii) receive video programming services via multipoint distribution services, including multichannel multipoint distribution services, instructional television fixed services, and local multipoint distribution services, or to receive or transmit fixed wireless signals other than via satellite; and (b) an antenna that is used to receive television broadcast signals. An FCC structure may be installed on a Lot without prior Design Review Committee approval, subject to the following conditions:

- (a) To the extent feasible, the satellite dish/antenna should be placed in the rear or side yard in such a manner that it is screened from adjacent street(s) and neighboring properties. Rooftop mounting that is visible from adjacent street(s) is discouraged.
- (b) The satellite dish/antenna should be installed at the lowest possible placement, utilizing ground level siting (unless a signal is not attainable).
- (c) The satellite dish/antenna should be painted to match the surrounding environment or screened with a reasonable amount of plantings to minimize its visual impact to surrounding areas.

2.21 Utilities Location. When installing Improvements on a Lot, Owners are responsible for locating all water, sewer, gas, electrical, cable television or other utility lines and easements. Owners must not construct any Improvements over utilities easements without the consent of the utility involved and Owners will be responsible for any damage to utility lines caused by their work. Owners should request the location of underground utility lines and easements through a utility line location center.

2.22 Builder and Declarant Exceptions. Notwithstanding anything to the contrary contained in this Article 2 of the Declaration, at all times that a Builder is constructing Homes and Improvements on that portion of the Property owned by Builder, provided that Builder maintains that portion of the Property owned by Builder in good condition and repair, reasonably free of all weeds and debris, such Builder shall be exempt from the provisions of Sections 2.05, 2.07, 2.09, 2.14(a), and 2.17 of Article 2 of this Declaration. Moreover, Declarant is exempt from the provisions of Sections 2.04 and 2.15 of Article 2 of this Declaration.

ARTICLE 3 DESIGN REVIEW AND APPROVAL

3.01 Design Review Committee. The Design Review Committee shall consist of at three one and not more than five individuals, all of whom shall be appointed by the District No. 4 Board. In lieu of appointing a separate Design Review Committee, the District No. 4 Board may act as the Design Review Committee. The Design Review Committee shall exercise the functions assigned to it by the District No. 4 Board, this Declaration and the Design Guidelines.

3.02 Composition of the Design Review Committee. If the District No. 4 Board does not serve as the Design Review Committee, then individuals appointed to serve on the Design Review Committee shall serve for a two-year term and may be removed by a majority vote of the District No. 4 Board. If a vacancy on the Design Review Committee occurs for any reason, a majority of the District No. 4 Board may appoint a replacement to complete the unexpired term. Design Review Committee members need not be Owners.

3.03 Design Guidelines. The Design Review Committee may from time to time adopt Design Guidelines applicable to Improvements within the Property. Such Design Guidelines may regulate, without limitation, the following matters: a) site location; b) architectural design; c) site accessories, (e.g., lights, signs); d) landscape design; e) building size and height; and f)

approval processes. The Design Review Committee shall have the right to modify or supplement the Design Guidelines from time to time upon the written approval of the District No. 4 Board. The Design Guidelines shall have the same force and effect as if they were set forth in and were a part of this Declaration. In the event of conflict between the Design Guidelines and the provisions of this Declaration, the Declaration shall control.

3.04 Approval Required. An Improvement shall not be placed, erected, installed or permitted to exist on any Lot, the exterior of any existing Improvements shall not be altered, and construction shall not be commenced on any Improvements, unless and until the plans for such Improvement have been submitted to and approved in writing by the Design Review Committee. Improvements installed or constructed prior to Design Review Committee written approval, or not installed or constructed in compliance with the approved Plans, shall be deemed to be in non-compliance and may be subject to enforcement action under this Declaration.

3.05 Exclusive Approval by District Board. The District No. 4 Board shall have the exclusive right to review, approve and enforce construction of all Improvements on a Lot prior to the completion of the first Home on a Lot in accordance with this Declaration and Design Guidelines. After the first Home on a Lot has been completed, the Design Review Committee shall have the right to review, approve and enforce construction of Improvements on a Lot in accordance with this Declaration and Design Guidelines.

3.06 Exemption of Builders and Declarant. Declarant shall be exempt from the provisions of this Article. This exemption shall terminate at such time as Declarant no longer owns any real property within the Property. Notwithstanding anything to the contrary contained in this Declaration, as long as a Builder has received design review approval from Declarant, such Builder shall be exempt from the provisions of this Article.

3.07 Submittal of Plans. The requirements for submittal of plans to the Design Review Committee will be set forth in the Design Guidelines.

3.08 Approval Process. All action required or permitted to be taken by the Design Review Committee must be stated in writing, and any such written statement must establish the action of the Design Review Committee. The Design Review Committee will approve or disapprove Plans within forty-five (45) days following submission of a complete set of Plans. If the Design Review Committee does not act within forty-five (45) days following submission, the plans shall be deemed disapproved. The Design Review Committee may charge reasonable fees to cover expenses incurred in the review of plans. The Design Review Committee will retain, for such time as provided in its records retention policy, one copy of all approved plans as part of its records and written records of all actions taken by it that will be available to Owners for inspection at reasonable business hours. Plan approval will automatically expire one year after approval if construction is not commenced within such one-year period, and if approval so expires, the applicant must submit a new request for approval.

3.09 Approval Standards. In granting or withholding approval of matters submitted to it, the Design Review Committee shall consider the specific standards and specifications set forth in any Design Guidelines then in effect and any other matter, whether objective or subjective, that the Design Review Committee feels is relevant to the issue presented. The

Design Review Committee shall have the right to disapprove any plans or details submitted to it if it determines, in its sole discretion, that the proposed Improvement is not consistent with the Design Guidelines or any provision of this Declaration; if the plans submitted are incomplete; or if the Design Review Committee deems the plans or details, or any part thereof, to be contrary to the best interests, welfare or rights of all or any part of the Creekside South at Lorson Ranch Filing No. 1, District No. 4, the Districts or the Owners. If the Design Review Committee believes there may be questions of structural integrity, it may, as part of the review process, require certification of the final plans and specifications by a professional architect or engineer licensed in Colorado. A majority of the Design Review Committee members attending a meeting at which plans are approved shall constitute a quorum, and a majority vote of the quorum of the Design Review Committee members present shall constitute action of the Design Review Committee. Owners acknowledge that design review is inherently a subjective process and that the Design Review Committee is given wide discretion in carrying out its function. The decisions of the Design Review Committee shall be final and binding.

3.10 Variances. The District No. 4 Board or the Design Review Committee shall have the authority to grant for a Lot a variance from any provision of this Declaration (including any provision of the Design Guidelines) that is within the authority of the District No. 4 Board or the Design Review Committee, as the case may be. Such variance will only be made upon a finding of exceptional and extraordinary circumstances where literal enforcement of the covenant will create a material hardship to the applicant, and that such a variance is not contrary to the interests of Creekside South at Lorson Ranch Filing No. 1, District No. 4, the Districts and Owners. A variance may be made subject to terms and conditions approved by the District No. 4 Board or the Design Review Committee. If a variance is denied, the applicant may not bring another application for a similar variance for the same Lot for a period of one year after submittal of the original request.

3.11 No Liability. The Declarant, District No. 4, the Districts and the Design Review Committee, and any member, agent or representative thereof, shall not be liable in damages or otherwise to anyone submitting plans for approval or requesting a variance, or to any Owner or other Person, by reason of mistake in judgment, negligence, nonfeasance or any act or omission in connection with the approval, disapproval or failure to approve the Plans or variance. Approval of plans shall not mean that plans are in compliance with the requirements of any local building codes, zoning ordinances, or other governmental regulations, and it shall be the responsibility of the Owner, Builder or applicant to comply with all codes, ordinances and regulations.

3.12 Design Review Non-Compliance. If an Owner is in violation of the provisions of this Article or the Design Guidelines, the violation will be processed in accordance with Article 4 of this Declaration.

ARTICLE 4 ENFORCEMENT AND DELEGATION OF AUTHORITY

4.01 Adoption of Rules and Regulations. The District No. 4 Board may adopt, amend, repeal and enforce such Rules and Regulations as may be deemed necessary or desirable with respect to the interpretation and implementation of this Declaration, the use and enjoyment

of District Properties, and the use of any other property within Creekside South at Lorson Ranch Filing No. 1, including Lots. Any such Rules and Regulations will be reasonable and uniformly applied as determined by the District No. 4 Board in its sole discretion. The Rules and Regulations may provide for the assessment of fines for a violation of this Declaration or the Rules and Regulations. Written notice of the adoption, amendment or repeal of any Rule or Regulation will be provided to all Owners, and copies of the currently effective Rules and Regulations will be made available to each Owner upon request. Rules and Regulations shall have the same force and effect as if they were set forth in and were a part of this Declaration. In the event of conflict between the Rules and Regulations and the provisions of this Declaration, this Declaration shall control. The District which has been delegated authority by the District No. 4 Board to adopt, amend or repeal Rules and Regulations may so adopt, amend or repeal only with the written approval of the District No. 4 Board.

4.02 Notice and Hearing.
